

# How to Print at the Library

A Guide to using the Eagle Print system

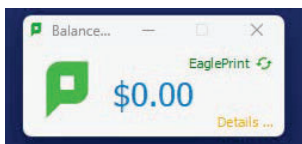

## 1 Log in to a computer

Sign in to any library computer using your student username and password.

## 2 Add funds to Eagle Print

Minimize your open windows to locate the green Eagle Print balance widget on the desktop. Click the yellow "Details" link, enter your password, and add funds using a credit card.

*(Note: If you are paying with cash, you can use the cash machine located near the printer instead.)*

|                           |                 |
|---------------------------|-----------------|
| <b>Black &amp; White:</b> | \$0.10 per page |
| <b>Color:</b>             | \$0.50 per page |

## 3 Send to printer

Print your document and select the **Eagle Print** printer from the drop-down menu.

## 4 Release your document

Walk over to the printer. The separate print release screen is located directly on the machine. Log in by typing your username and password on the screen.

## 5 Print and pick up

Select your print job on the display screen, click "Print" to release it, and collect your documents from the tray.
